BCM Relay Expansion Module

16 relays and 20 fuses in a sealed box, ready to pair with an ECU-based body controller.

OVERVIEW

A sealed power-distribution module that pairs with our body control ECU. It switches high-current loads through standard 30 A automotive relays, with fusing and a power bus bar built in. Flying leads make it simple to integrate on commercial vehicles and machines.

- 16 × 30 A relays
- 20 fuses
- Power bus bar
- IP67

SPECIFICATIONS

Relays	16 × universal 5-pin automotive relay (30 A)
Fuses	20
Power distribution	Integrated power bus bar
Ingress protection	IP67
Wiring	Flying leads for system integration
Approvals	CE, RoHS2

TYPICAL APPLICATIONS

Commercial-vehicle body control | Lighting and accessory power | Hydraulic solenoid drivers
