Custom CAN Switch Panel

Toggle switches and push buttons on a 4-wire CAN interface, with your graphics and logo.

OVERVIEW

Replace bundles of switch wiring with one 4-wire CAN connection. We build custom face-mount or enclosure-mount panels with toggle switches, push buttons, wiring harnesses, overlay graphics and your logo. An on-board CAN 2.0B interface reports every switch to the vehicle network.

- 4-wire CAN connection
- Toggle switches and push buttons
- Custom overlay and logo
- Face or enclosure mount

SPECIFICATIONS
